No Foreign-going Vessel is included which has not been so reported within four years, and no Home Trade Vessel which has not been reported within one year. It is possible that some Vessels may be included which have ceased to exist or are no longer employed as British Vessels, but every endeavour is made to ascertain and strike off such Vessels.

With respect to the Crews, a very small deduction ought to be made for the case of men who join a fresh ship immediately on their discharge from the former one, which happens to remain in Port.

Note.—This Return includes Channel Islands Vessels, but not those of the British Plantations.

The Home Trade signifies on the Coasts of the United Kingdom, or to Ports between the limits of the River Elbe and Brest.

The Foreign Trade signifies to Ports beyond such limits.

No Foreign-going Vessel is included which has not been so reported within four years, and no Home Trade Vessel which has not been reported within one year. It is possible that some Vessels may be included which have ceased to exist or are no longer employed as British Vessels, but every endeavour is made to ascertain and strike off such Vessels.

With respect to the Crews, a very small deduction ought to be made for the case of men who join a fresh ship immediately on their discharge from the former one, which happens to remain in Port

* The increase in the Gross and Rateable Rental of Property assessed to the Poor Rate is partly owing to a revised system of assessment.

Note.—The decrease in the Number of Persons committed for Trial in England and Wales, since 1855, is partly to be attributed to the operation of the Criminal Justice Act of 1855, which authorizes Justices to pass sentences for short periods, with the consent of the prisoners, instead of committing for Trial to the Sessions.

Note.—This Return includes Channel Islands Vessels, but not those of the British Plantations.

The Home Trade signifies on the Coasts of the United Kingdom, or to Ports between the limits of the River Elbe and Brest.

The Foreign Trade signifies to Ports beyond such limits.

No Foreign-going Vessel is included which has not been so reported within four years, and no Home Trade Vessel which has not been reported within one year. It is possible that some Vessels may be included which have ceased to exist or are no longer employed as British Vessels, but every endeavour is made to ascertain and strike off such Vessels.

With respect to the Crews, a very small deduction ought to be made for the case of men who join a fresh ship immediately on their discharge from the former one, which happens to remain in Port.

* In these years Flax was returned in Great Britain with the unenumerated Green Crops.

† Of this number, 1,266.709 were horses used for Agriculture, unbroken horses, and brood mares.

‡ The number of Live Stock in Great Britain was returned upon 5th March in 1866, and consequently the number of sheep did not include many lambs born in that year.

§ The differences between the Acreage in 1868 and 1869 under "Fallow," "Clover, &c.," and "Permanent Pasture," are greatly owing to the more correct classification of land in 1869.

SHEEP, and PIGS, in GREAT BRITAIN and IRELAND upon 25th of June in each year.

Note.—This Return includes Channel Islands Vessels, but not those of the British Plantations.

The Home Trade signifies on the Coasts of the United Kingdom, or to Ports between the limits of the River Elbe and Brest.

The Foreign Trade signifies to Ports beyond such limits.

No Foreign-going Vessel is included which has not been so reported within four years, and no Home Trade Vessel which has not been reported within one year. It is possible that some Vessels may be included which have ceased to exist or are no longer employed as British Vessels, but every endeavour is made to ascertain and strike off such Vessels.

With respect to the Crews, a very small deduction ought to be made for the case of men who join a fresh ship immediately on their discharge from the former one, which happens to remain in Port.

Note.—This Return includes Channel Islands Vessels, but not those of the British Plantations.

The Home Trade signifies on the Coasts of the United Kingdom, or to Ports between the limits of the River Elbe and Brest.

The Foreign Trade signifies to Ports beyond such limits.

No Foreign-going Vessel is included which has not been so reported within four years, and no Home Trade Vessel which has not been reported within one year. It is possible that some Vessels may be included which have ceased to exist or are no longer employed as British Vessels, but every endeavour is made to ascertain and strike off such Vessels.

With respect to the Crews, a very small deduction ought to be made for the case of men who join a fresh ship immediately on their discharge from the former one, which happens to remain in Port.

No. 43.—QUANTITIES of the SEVERAL ARTICLES CHARGED (in 1872) with DUTIES of EXCISE in the UNITED KINGDOM; FREE OF DUTY; EXPORTED; and RETAINED for HOME CONSUMPTION.
